Project Part #0: Group Establishment & Setting up blog

You are required to:

- Decide on a group leader.
- Think of a name for your group

- Create a blog using any platform that you are comfortable with (blog must be public). This blog will be the platform where you will post your project deliverables.
    - Create your first post!
        - Photograph of your group
        - A profile for each member (with picture 😊)
        - A description of the name of your group – why did you choose the name?

- Write the URL for your blog in the google document (link provided at e-learning)
- Blog must be ready (with this as first post) by 27 April 2025
